Sol is Recorra's main point of contact for waste management on site and has been super helpful and eager to drive innovation. Sol has championed Recorra and our initiatives and has now implemented paper towel recycling across all 3 REM sites, The Shard, Pall Mall and Park House. Along with Textile recycling at The Shard, so that any logo-sensitive uniform can be shredded and re-used instead of incinerated. Sol is also enthusiastic about joining Recorra in off site engagement, including volunteering with Plan Zheroes at Borough Market to collect surplus food for charity, MRF tours and beach cleans. She also consented to giving out circular boxes to all occupiers in The Shard, to help them recycle niche items from their office floors.
